About Coffee N Cars

When we started this group, I felt as though something was lacking in the midlands. There are huge shows and events that are out of town, what happens local to us? So, I took it upon myself after helping with other groups to kickstart Coffee N Cars, and hopefully have bigger shows and events to rival other larger clubs but in the midlands area.

We have a good member base, and at the events we have had so far turnout has been great, all the members are very social and like to attend meets as and when work/family life allows. There is no pressure to attend every meet, just pop in

Thanks to Bob for coming out and shooting some photos of our cars with the Graffiti backdrop, if anyone is interested in doing one of these let me know, as we want to arrange a bigger one and maybe do a club calendar in the future.

September Breakfast Meet

We had a huge turnout for breakfast in September, and the sun came out to welcome us all, we had a great breakfast and then ventured outside to chat and look at our cars, Janice won car of the day with her beautiful Buick Riviera and we had some great chats.

Members and their cars

Heage Windmill Cobweb

It was a cold but bright lunchtime, with a northerly wind, when some 48 people of all ages assembled in a circle on the mill apron while the sails of mill turned steadily round behind them. Guided by master spider Lynn Allen they wove the now traditional cobweb which brings to a close the regular openings of the windmill for another season. A single strand of narrow elastic tape first linked everyone together and helped from some of the Coffee N Cars members over the next 30 minutes, by a series of clever moves, added ring after ring to form the web. The whole group then moved across to the paddock area where the web was gently laid down on and pegged to the grass. The proceedings were watched by another 50 people, many of whom went on guided tours of the mill.

The mill is now formally closed for regular openings until Easter 2019 although, as part the Derwent Heritage Week, it will be opened on Wednesday next, 31st October, from 11-00 and the last tour will begin at 2-30 pm.

Heage Tractor & Steam Rally

Heage Windmill held their annual Steam Rally and a few members after the September Breakfast meet at HollyTree Farm took a drive out there to support the Windmills event and check out some of the machinery there, there was some great Steam Engines and a smaller ride along engine that was going up and down the drive giving rides, all running on coal. They had the bric a brac and lots of tractors on display from now to old and we we're saved a front row spot by the Windmill as I let them know we would come up,
